

DR KATHRYN HOLT

NHMRC Career Development Fellow
Senior Research Fellow
The University Of Melbourne

Genomic windows into the microbial world

Dr Kathryn Holt completed her undergrad at UWA before going on to the University of Cambridge to do her PhD at the Wellcome Trust Sanger Institute. She returned to Australia to take up an NHMRC Early Career Fellowship in the Department of Microbiology & Immunology of The University of Melbourne, and complete her Masters in Epidemiology.

Kat was recruited to a lab head position in the Department of Biochemistry & Molecular Biology, and helped found the cross-faculty Centre for Systems Genomics at the university.

Kat was awarded a L'Oréal For Women In Science Australia & NZ Fellowship (2013), the NHMRC Research Excellence Award for the Top-Ranked Career Development Fellow (2014), and a L'Oréal-UNESCO Rising Talents Fellowship (2015).

Friday, 13 November | 11:30am to 12:30pm

Seminar Room

Telethon Kids Institute | 100 Roberts Road, Subiaco
