

RESEARCH SKILLS SEMINAR SERIES 2016

Survey Design and Delivery:

Practical strategies for developing and administering successful surveys

Are you planning to conduct a survey?

Do you want to find out more about how to choose an appropriate sampling and administration method, create a well-written questionnaire, maximise your chances of a high response rate and minimise data errors?

Would you like practical help for planning and delivery?

If yes, then this one hour seminar is for you!

Friday, 6 May 2016

12:30 - 1.30pm

**Macdonald Lecture Theatre
Ground Floor, Administration
Building | Princess Margaret
Hospital | Roberts Road | Subiaco**
