PERKINS Seminar Series

THURSDAY 21 JULY

Dr Barry Doyle

Head, Vascular Engineering Laboratory
Harry Perkin Institute of Medical Research

"Vascular Engineering @ Perkins"

Barry Doyle is a biomedical engineer and currently an NHMRC RD Wright Biomedical Fellow. Barry has a BEng (2005) and PhD (2009) in Biomedical Engineering from The University of Limerick, Ireland, and was a Marie Curie Fellow in the British Heart Foundation Centre for Cardiovascular Science at The University of Edinburgh. He is Head of the Vascular Engineering Laboratory (Vasclab – <http://vasclab.mech.uwa.edu.au>) which has recently relocated to the Harry Perkins Institute of Medical Research as part of the new Biomedical Engineering @ Perkins initiative. He is also Senior Lecturer in the Faculty of Engineering, Computing and Mathematics (ECM) at The University of Western Australia.

His group's research focusses primarily on cardiovascular health and disease, and he collaborates widely and leads numerous national and international collaborations. He is a founding member of UWA's BioZone and also leads the ECM Bioengineering Network. To date, he has won over 25 different awards and has obtained over \$5.5 million in funding. In addition to research, he is currently establishing (with Brendan Kennedy and Tim Sercombe) a new Master of Professional Engineering in Biomedical Engineering programme, which will be offered to students from August 2016 onwards at UWA.

12:00noon till 1:00pm
followed by a light lunch

For more information please contact Professor Julian Heng
