

HARRY PERKINS INSTITUTE
OF MEDICAL RESEARCH

PERKINS Seminar Series

www.perkins.org.au

THURSDAY 20 JULY

Dr Lu Wen

Research Scientist
Biodynamic Optical Imaging Centre
Peking University, Beijing, China

"Genome-wide DNA methylation hydroxymethylation analysis"

Dr Lu Wen trained as a medical doctor at Xiangya School of Medicine, Central South University, China. He then completed a Master of Medicine in neurosurgery followed by a PhD in genetics and molecular biology at the National Laboratory of Medical Genetics, Central South University. Dr Lu Wen then moved to Peking University to take up a postdoctoral position in the School of Life Sciences where he worked on zebrafish genetics and development. In 2011 he joined BIOPIIC at Peking University as a research scientist. His research interest is to develop and apply the most advanced genome technologies to address fundamental and compelling biological and medical problems.

12:00pm till 1:00pm

followed by a light lunch
