

The St John of God Health Care (SJGHC) Research and Ethics Education Program aims to support the professional development of researchers and research personnel and to foster a culture of research ethics, so as to facilitate the St John of God Health Care (SJGHC) 2015-2019 Strategic Priority #1: *“to be a recognised leader in the Australian health sector for provision of high quality health care” through “greatly increasing our education and research endeavours.”*

The theme of our 2018 Research and Ethics Education Program will be ***Translation of Study Results: what are the enablers of translation & how can we overcome any obstacles to translation.***

All internal and external researchers, research personnel and others collaborating with SJGHC in the conduct and/or review of research are welcome to attend. For more information/enquiries, please contact Gorette De Jesus, Exec Officer, SJGHC Ethics Committee, SJGHC Ethics Office: E: ethics@sjog.org.au T: (08) 9382 6940

Location of Presentations: St John of God Subiaco Hospital, Level 3 Conference Centre Auditorium, 12 Salvado Road, Subiaco WA 6008 (unless otherwise advised).
