## PERKINS Seminar Series

THURSDAY 12 JULY

### Professor Lin Fritschi

John Curtin Distinguished Fellow  
Curtin University

### "Work and cancer"

Professor Lin Fritschi is a cancer epidemiologist with a particular interest in occupational causes of cancer. She has led many large case-control and cohort studies investigating occupational hazards as well as non-occupational causes of cancer and occupational causes of other chronic health conditions. She is particularly interested in improving the way we assess historical exposure to chemicals at work and has developed a web-based application (OccIDEAS) to assist in this task ([www.occideas.org](http://www.occideas.org)). She has published over 300 peer-reviewed publications in national and international journals and is a John Curtin Distinguished Professor at Curtin.

12:00noon till 1:00pm

Followed by a light lunch
