PERKINS Seminar Series

THURSDAY 5 JULY

Professor Ruth Ganss

Woodside Cancer Fellow
Scientific Head of the Cancer Division
Head of the Vascular Biology and Stromal Targeting Laboratory
Harry Perkins Institute of Medical Research

"Re-Educating the Tumor Microenvironment to Overcome Resistance"

Professor Ruth Ganss is the inaugural Woodside Cancer Fellow, Scientific Head of the Cancer Division at the Harry Perkins Institute of Medical Research and heads the laboratory of "Vascular Biology and Stromal Targeting". During the last decades, her research at the University of California, San Francisco, the German Cancer Research Center in Heidelberg, and now at the Harry Perkins Institute has focused on blood vessel remodelling in the context of cancer growth and anti-cancer immunotherapies. She develops innovative drugs for stromal targeting and therapeutic intervention in cancer.

12:00noon till 1:00pm

Followed by a light lunch
