

## HSRAANZ Virtual End of Year Event

“Health Services Researchers: partners for COVID-19 response and recovery”

Thursday 3 December 2020 10am -2pm AEST

CALL FOR ABSTRACT CLOSING 12 OCTOBER 2020

### **Theme: “Health Services Researchers: partners for COVID-19 response and recovery”**

This half-day event will showcase how Australia and New Zealand’s health services researchers are at the forefront of the health system response to the COVID 19 pandemic. Health services researchers are working alongside clinicians, managers and policymakers providing evidence to tackle the immediate impact and longer term health, social and economic fallout from the pandemic; and ensuring that the lessons learned will help future proof our health systems.

**Audience** – Hospital and primary care managers, health services researchers, clinicians, policymakers, and consumers.

**The virtual conference is open to all and registration is free. (However abstract submission for presenters is limited to HSRAANZ members only)**

### **Registration is essential**

[REGISTER](#)

### **Draft Program**

Invited Speaker

Short Oral Presentations showcasing current COVID 19-related health services research

Discussion of potential COVID 19 questions for health services researchers.

Announcement of the 2020 HSRAANZ Impact and Best Paper Award Winners.

### **Call for Contributions**

There are **two ways to contribute** to the content of the event.

- HSRAANZ members are invited to submit abstracts for short oral presentations of current COVID 19 related health services research.
- Health service managers, decision-makers and other health professionals are invited to submit their COVID 19 questions, innovations and challenges for discussion of the current and future needs for health services research in the response and recovery effort.
